Members must receive treatment in the UK and use an approved medical network. They must contact AXA PPP healthcare first to arrange physiotherapy, diagnosis and treatment because if the person or clinic seen is not recognised by AXA PPP healthcare the bills will not be covered.

Your non-insurance services are provided by Equipsme Insurance Services Ltd which is registered in England and Wales. Our registered office is shown at the bottom of this page. Equipsme Insurance Services Ltd is regulated by the Financial Conduct Authority.

Your insurance cover is provided by AXA PPP healthcare Limited, which is a company incorporated in the United Kingdom with registered number 03148119 whose registered office is at 5 Old Broad Street, London, EC2N 1AD. AXA PPP healthcare Limited is regulated by the Financial Conduct Authority. Equipsme act as agent of AXA PPP healthcare when administering your insurance cover.

EQUIPSME OVERVIEW

What's NOT included in Equipsme Health Insurance?

Like any plan that includes insurance benefits, Equipsme Health Insurance is about protecting your employees if the unexpected happens, and to help put things right. This means that the plan can't cover everything and so we have highlighted key exclusions here that apply to the Physio, Diagnosis and Treatment insurance cover only (ie, they do not apply to the GP access, Health Check and optional extra benefits).

Brand new medical conditions are covered as long as they continue to respond to treatment but the plan won't cover the Physio, Diagnosis or Treatment cost of any health problem that anyone included under the plan already had symptoms of in the last three years – what we call "pre-existing conditions".

A pre-existing condition is any disease, illness or injury that members:

- have received medication, advice or treatment for in the three years before the start of cover, or
- have experienced symptoms of in the three years before the start of cover; whether or not the condition was diagnosed.

When a newborn baby is added to the policy, if that baby was born after fertility treatment, following assisted reproduction (such as IVF), or has been adopted, the definition of pre-existing condition is extended to also include any medical condition present from birth.

This means that if Physio, Diagnosis or Treatment is required members may need to provide more detailed information to make sure the condition isn't pre-existing. In some cases, a further medical information form may need to be completed. Or if a member's NHS GP needs to send more details about the medical condition, the member may need to give consent for access to their medical records.

Other important exclusions to be aware of include:

- Treatment of Cancer – the plan does not cover the treatment of cancer. However, members on Core Cover Level 1, 2 or 3, have cover up to the point at which cancer has been diagnosed so we can help find out what's wrong fast
- Pregnancy and childbirth – but the plan will pay to treat certain medical conditions that arise during pregnancy (depending on Core Cover Level including Treatment)
- Ongoing, recurrent and long-term conditions – we call these "chronic conditions"
- Treatment received outside the UK
- Mental health conditions – the plan does not cover the treatment of these conditions but if you have included the Stress Support extra cover, we can help with telephone and face-to-face counselling

We've listed the most significant things here. Full contractual information regarding the insurance cover and non-insurance services is provided in more detail in the following documents:

- The Company Guide and Agreement and the Company Schedule (for you as the company buying the plan)
- The Membership Handbook and the Membership Certificate (for employee members you include under your plan)

HEALTH INSURER

Physio, Diagnosis & Hospital treatment is insured by AXA PPP healthcare – part of one of the world's largest insurance families, the AXA Group.

SERVICE PARTNERS
