Airside Liability Including Vehicles Airside

New for 2017, we can provide Airside Liability cover for a wide range of clients working or using vehicles airside, underwritten by an A+ rated (S&P) insurer.

Our Airside Liability policy can accommodate the following activities:

- Contractors working airside
- Infrastructure maintenance (excluding Air Traffic Control/ Control Tower Software)
- Construction
- Delivery
- Cleaning
- Aircraft cleaning
- Security (including pass & baggage screening)
- Ground Handlers
- Refuellers
- Aircraft Maintenance and repair

We can also consider clients who fall outside of the industries listed above and offer a war write-back.
